## GENE HENDRYX PAPERS 1948-1997

Gene Hendryx, fourth of the five children of Earl Augustus Hendryx and Lillian Ruth Mallett Hendryx, was born July 16, 1927, in Ochiltree County near Perryton, Texas. He grew up in Uvalde, Texas. Hendryx served in the U. S. Marine Corps during World War II, after which he enrolled at Sul Ross State University in Alpine, Texas, graduating with a B.A. in Economics in 1949 and an M.A. in Government in 1950.

In 1947 Hendryx became an announcer for the newly founded radio station KVLF in Alpine, Texas. By 1950, he was the station's general manager and by 1954 he had acquired working ownership of the station. Gene Hendryx and Lucille Easterwood Kempen, of Alpine, Texas, married in 1950 and became the parents of three sons: Gene Ray, Forest George, and Houston Bowie. Lucille Hendryx died in 1989. In 1992, Gene Hendryx created the Gene and Lucille Hendryx Alpha Chi Scholarship and Endowment Fund at Sul Ross State University.

Gene Hendryx is the author of two books, *Semper Fi!*, a novel published in 1959 (manuscript: "The Marines Have Landed" in the collection) and *The Last Frontier*, 1997, a collection of forty-eight broadcast scripts from Hendryx's radio career. The scripts were transcribed from tapes by Nancy Roberts Hendryx, whom he married in 1992, and selected for the book with the help of his sons.

In 1962, the voters of the 72nd District elected Hendryx to the Texas House of Representatives where he served until January, 1969, a total of three terms. He received five major committee assignments as a freshman and was recognized by House Speaker Byron Tunnell as "the most talented and hardest working new member to serve in a long time."

The papers in this collection, primarily files from his terms in the Texas Legislature, were donated by Mr. Hendryx in 1977, 1978, 1988, 1991 and 1998. Of note is correspondence with Lyndon Baines Johnson, Governor John Connally, Sam Rayburn, J. T. "Slick" Rutherford and other leading political figures of the 1960s. Major groupings of papers concerning West Texas Children's Home, Sul Ross State University, Texas Forts and Missions, and Guadalupe Mountains National Park attest Hendryx's special interest and expertise in education issues and preservation of historic places in Texas.

In 1992, archival housing was improved and consecutive folder numbering assigned through the entire collection. Folder numbers include the box assignment (B = box; f = folder). In June 1998, Appendix III was added and the guide revised and indexed by Gaylan Corbin, Archival Assistant and Dorothy Angrist., Volunteer.
